

GEM UNIFORM'S LLC
uniforms & corporate apparel
Since 1988

Uniform isn't just a clothing,

It's an art!

About Us

Established in 1988, Gem Uniforms is a proud supplier of world class work uniforms and career apparels for hundreds of prestigious clients across the Middle East for 25 years now. We have been successfully fulfilling the rising demands for appropriate dress codes in the rapidly growing F&B, Oil & Gas, and other service industries in the United Arab Emirates as well as other GCC countries.

The company has earned a reputation for professionalism, timeliness, trustworthiness and a willingness to go that extra mile to ensure absolute customer satisfaction. A full-fledged team works on liaising with customers to understand their needs and demands. Our world-class infrastructure features all the latest in the modern garment manufacturing technology.

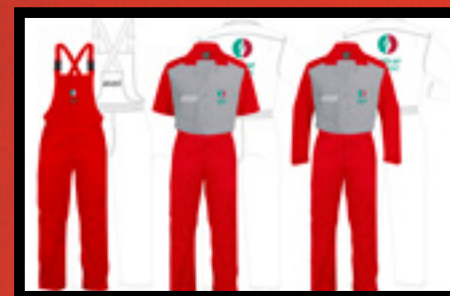

We have trusted partners across the globe for all our manufacturing, supplying and designing needs. Furthermore, we enforce every measure to manage quality control procedures in-house and to fulfill on-time delivery. What underlines our quality standards is our commitment to offer only the very best products at the very best prices.

GEM UNIFORM WASH CARE INSTRUCTION

DO'S

- Read care labels in garments before washing
- Wash your uniform separately for the first few times
- Treat difficult stains with liquid detergent or stain remove before washing
- Remove your uniform immediately from the dryer to avoid wrinkles
- If necessary use warm iron
- If you hang dry , use plastic or wood hangers
- Close zippers , empty pockets, remove name badges

DON'T

- Never use bleach especially chlorine based bleach they can damage or yellow fabrics
- Never mix white or towels and coloured uniforms in the same wash load
- Never use a high setting for drying
- Never use wire hangers

TREAT A SPOT BEFORE IT BECOMES A STAIN

- Spills and spots are an everyday problem on the job but there are some things you can do to prevent spot from turning into permanent stains
- Never iron a spot this can turn a spot into a permanent stain
- Treat a spot quickly , the longer a spot stays on the fabric the arder it is to get out , try to treat the spot while its wet
- Pre treat a spot before washing the uniform ,never wash your uniform until the spot is removed or pre treated
- Warm air in the dryer can set the stain and make it difficult or impossible to get out later on
- For Greasy spots such as salad dressing oil food realease toppings
- (l;e Italian sausage , pepperoni) pre treat with liquid detergent or stain remover
- For protein based spots such as sause , green peppers , cheese ass pre soak to wash water before adding the uniform
